Digital admissions kit for your school

Website + WhatsApp AI receptionist + online admission form

The problem in admission season

✗ Same question 100 times a day

“What is the fee? Does the bus come to our village?”

✗ Enquiries on paper

Follow-ups are forgotten; good families join another school.

✗ Notices one by one

Teachers spend hours messaging parents individually.

What we set up

1

5-page school website

Home, about, facilities, admissions, contact. Photos and Google Maps.

2

WhatsApp AI receptionist

Answers fees, bus routes and timings day and night; books school visits.

3

Online admission form

Parents fill on phone; every enquiry lands in your sheet with a status.
